

Dr. Saffa F.A. Fouad

Expert

Dr. Saffa Fouad received his B.Sc., M.Sc., and Ph.D. degrees in the field of structural geology and tectonics from the University of Baghdad, Iraq, in 1979, 1983, and 1997, respectively. He joined the Iraq Geological Survey in 1984. His duties started as a field geologist, project manager, head of the Department of Geological Survey, expert, deputy director general, and director general of the Iraqi Geological Survey, until his retirement in 2020. He has more than 75 published research and unpublished reports. He shared his experience with many geological departments at Iraqi universities. He lectured and supervised several postgraduate students. In 2009, he was elected as the deputy editor-in-chief of the Iraqi Bulletin of Geology and Mining (IBGM), then he was elected as an editor-in-chief in 2020 and still holds this honor.
