

## **Dr. Sameh Al-Muqdadi**

---

Dr. Sameh W. Al-Muqdadi is an expert in the field of water politics and climate security holding a PhD. from TU Bergakademie Freiberg – Germany, and a Postdoc from Oregon State University - USA. He is the General Manager for the Green Charter GC. Foundation and Chairman for Sanad Organization for Economic Development. He has led several international projects in Europe and the Middle East. Sameh is a firm believer that water could be a source of cooperation and peace rather than a reason for conflict also in addition to having a strong sustainable economy comes hand in hand with having a sustainable environment and climate resilience.
