

Dr. Wael Kanoua

He got his B.Sc. in Petroleum Engineering (2003) from the Chemical and Petroleum Engineering Faculty, Petroleum Engineering Department, AL Baath University, Homs, Syria, his Diploma in Drilling and Production (2005), Chemical and Petroleum Engineering Faculty, Petroleum Engineering Department, Al Baath University, Homs, Syria, and Ph.D. in the field of Hydrogeology (2018), TU Bergakademie Freiberg, 09599 Freiberg, Germany. His areas of interest are reactive transport modeling, Hydrochemistry, groundwater ecology, remote sensing, and GIS. He published 17 scientific articles and studies in the fields of hydrochemistry, groundwater modeling, evapotranspiration, and groundwater ecology. Currently, He is a lecturer at the Petroleum Engineering Department, Al Baath University, Homs, Syria.
